Potential hazards or special handling conditions:	N/A

2. Support Method: Self-Supporting Rods Wire Other*

*If selected, the assigned Technician or Department Manager will be in contact with you regarding any additional information that may be needed for determining support or mounting method.

3. Will The Test Be Witnessed? Yes No

Note: Your product will be tested within two (2) weeks after its arrival at Intertek-ATI. If you need to schedule an exact test date prior to the arrival of your product, we can accommodate this request. However, you must guarantee that the product will arrive at least three (3) days prior to the scheduled test date so that the product can be conditioned in accordance with the test method. If the products do not arrive when scheduled, a 25% postponement or cancellation fee could be assessed. If yes, the assigned Technician or Manager will be in contact with you regarding test dates and any additional information that may be needed.

4. Report Issued to:

Company Name:	TruLog Siding
Address:	20684 Niobrara Blvd La Salle, CO 80645
Email PDF Report to:	ryan.reedbaum@trulogsiding.com

Product Approval Worksheet

This information will be used in the final test report. Please complete and email back to the Fire Testing Department along with the signed proposal.

Product Approval: If your product needs product approval, the Product Approval Worksheet must be filled out and returned with this proposal. **This information is very important and must be provided to Intertek-ATI before the tests are performed. Please contact us if you have any questions.**

Yes No (If yes, please fill out the product approval worksheet)

MIAMI/DADE COUNTY/FLORIDA PRODUCT APPROVAL

1. Will this report be submitted to Metro Dade County? Yes No

If required, Intertek-ATI will notify Metro Dade County of the test date and obtain a Test Notification Number that will be included in the test report. An Intertek-ATI engineer that is licensed with the State of Florida will witness the test and then sign and stamp the test reports. An additional fee of \$150 per hour (Minimum \$600) will be added to your invoice if this service is required.

CODE COMPLIANCE/EVALUATION REPORT

2. Does the test report need to be submitted to Intertek-ATI for a Code Compliance Research Report (CCRR) or to International Code Council for an ICC ES evaluation report?

No CCRR ICC ES Other (Specify) _____

For Code Compliance and Evaluation Reports, the test specimens must be independently sampled or manufactured in the presence of an authorized third party representative. Intertek-ATI has certified inspectors located at several locations in the United States and Canada that can perform this service. The fees for this service will include the time and expenses incurred by the inspector and they will be added to your invoice.

If an evaluation report is requested, please provide the following information on where the samples will be manufactured:

Manufacturing Company:	TruLog Siding
Facility Address:	20684 Niobrara Blvd La Salle, CO 80645
Product Series/Model:	Exterior Steel Board & Batten siding
Manufactured Quantity (# of products per bundle or case)	11 panels or 100 sq ft
Facility Contact Name:	Ryan Reed Baum
Contact Phone Number:	970-646-4490
Contact Email Address:	ryan.reedbaum@trulogsiding.com

Product Approval Worksheet (Continued)

This information will be used in the final test report. Please complete and email back to the Fire Testing Department along with the signed proposal.

THIRD-PARTY CERTIFICATION/LISTING

3. Does your product need to be Listed & Labeled by a third party quality control program?

Yes No

For certification, the test specimens must be independently sampled or manufactured in the presence of an authorized third party representative. Intertek-ATI has certified inspectors located at several locations in the United States and Canada that can perform this service. The fees for this service will include the time and expenses incurred by the inspector and they will be added to your invoice.

If an evaluation report is requested, please provide the following information on where the samples will be manufactured:

Manufacturing Company:	TruLog Siding
Facility Address:	20684 Niobrara Blvd La Salle, CO 80645
Product Series/Model:	Steel Lap Siding
Manufactured Quantity (# of products per bundle or case)	11 panels or 100 sq ft
Facility Contact Name:	Ryan Reed Baum
Contact Phone Number:	970-646-4490
Contact Email Address:	ryan.reedbaum@trulogsiding.com

Some CCRR or ICC-ES evaluations, NFPA codes or other regulatory bodies (OSHA, etc.) might require the products to be under a third party quality control program. Please contact the Certification Body or Authority Having Jurisdiction (AHJ) to determine if your product is required to be in such a program and provide the following information.

Certification Body or Authority Having Jurisdiction

(AHJ):
